- The National Treasurer presented the breakdown of the total delegation to the 11th National Congress as per the membership of the regions, which was given to the Credentials Committee.
- The total number per region is calculated as per the Constitution of 1 delegate per 300 members as per the Constitution, and below reflects the membership that was used to determine delegations from regions to the 11th National Congress as at March 2022 as per the decision of the December 2021 CC.

Region	No. of delegates
Eastern Cape	109
Ekurhuleni	125
Hlanganani	153
JC Bezuidenhout	168
KwaZulu Natal	187
Mpumalanga	77
Northern Cape	49
Sedibeng	50
Western Cape	93

- The above total of delegates was calculated using the below membership numbers of March 2022.

Regions	Active Paying to NUMSA	Active paying to Mibco	Total Active Paying	Active Non Paying
Eastern Cape	20 851	11 763	32 614	2 504

Undefined	669	0	669	93
Western Cape	22 101	5 717	27 818	743
Total	244 256	59 790	304 046	24 880

- All regions confirmed that the numbers that were presented by the NT are a true reflection from which the Credentials Committee will accredit delegates from the regions to the 11th National Congress.
- Northern Cape RS proposed that as part of the accreditation of the delegates to the 11th National Congress by the Credentials Committee, National Office Bearers and Regional Office Bearers must be included over and above the number allocated to each region.
- Sedibeng RS noted that the ROBs were included within the allocated number of delegates.

- Hlanganani, KZN and WC also included ROBs within allocated number of delegates.
- JC Bez followed the same process as NC, but agreed that they would include their ROBs within their allocated number per region as other regions had done.
- This became a unanimous position of the Credentials Committee.
- The Credentials Committee in accrediting Regional Office Bearers, resolved that Regional Office Bearers will be included within the total number of accredited delegates to the 11th National Congress.

- The Credentials Committee further agreed that moving forward, the ROBs should be accredited over and above the membership allocation for future NUMSA National Congresses.
- The Credentials Committee moved to accredit Regional Secretaries and National Office Bearers.
- In regions where there were additional changes in numbers as an outcome of verification of membership that was executed, whilst still using the March 2022 membership numbers, the two affected regions to changes in numbers were Ekurhuleni and Hlanganani.
 - *Ekurhuleni was accredited 3 more delegates, 125 + 3, totalling 128 delegates.*
 - *Hlanganani was accredited 1 more delegate, 153 + 1, totalling 154 delegates.*

- The submitted number of delegates from Regions, as well as the NOBs are as follows:

Eastern Cape	109
Ekurhuleni	128
Hlanganani	154
JC Bez	168
KZN	187
Mpumalanga	77
Northern Cape	49
Sedibeng	50
Western Cape	93
Total	1015
National Office Bearers	5
Total	1020

- The Credentials Committee discussed the accreditation of the Mpumalanga region to the 11th National Congress.
- Even though the SCC of 26 July 2022 has resolved to uplift the SCC decision to put the Mpumalanga region under administration, the Credentials Committee supported a motion moved by the JC Bez RS that he still did not believe that the Mpumalanga region should be accredited delegates to form part of the 11th National Congress. The decision was seconded and supported by the majority of the Credentials Committee which motivated that it was practically impossible for the organisation to accredit delegates from the Mpumalanga region to the 11th National Congress as that should be done by a properly constituted REC. As such, the below table reflects this recommendation of the Credentials Committee of the number of delegates to be granted accreditation to the 11th National Congress to the Central Committee of 26 July 2022:

Eastern Cape	109
Ekurhuleni	128
Hlanganani	154
JC Bez	168
KZN	187
Mpumalanga	0
Northern Cape	49
Sedibeng	50
Western Cape	93
Total	938
National Office Bearers	5
Total	943

Thank you!
